

To All QMA Region 10 Members

On the weekend of September 4th and 5th American Quarter Midget Association will be hosting the thrid leg of the 2010 Regional Championship series. The club will be holding a Grand Re-Opening of it's facility to show their appreciation to Prarie City OHV Park. Beginning in early 2009 the Park began improving American's facility. The improvements took several months and were finally completed early this summer. The area now has a paved parking lot, perimeter fencing, sidewalks, handicap accessible grandstands and new bathrooms.

It is rare that a facility for kids' racing receives any attention at all much less the improvements that have been made to AQMA's racing home.

The club will be participating in a Re-Opening ceremony after practice and before heat races on Saturday, the 4th. Please join American and its members in showing appreciation for these great improvements by attending the event and participating in theceremony.

The more of us who attend, the bigger the Thank You to the Park and its officals. Even if you will not be racing, please attend on Saturday the 4th to show your support for AQMA and Quarter Midget racing.

Thanks,

Ken Loveless, Sr
Regional Director
QMA Region 10
